

# Mrs. Phillips Convicted; Gets Prison Term

Hammer Slayer Rejoices Because Jury Men Kept Her From Hangman; Women Had Asked for Her Life

Attorney Will Appeal

Crowded Courtroom Hears Hammer's Blow as the Verdict Is Announced

Special Dispatch to The Tribune  
LOS ANGELES, Nov. 16.—Mrs. Clara Phillips, convicted of beating out the life of Albert Meadows with a 15-cent hammer, gave thanks to-day that there were men on the jury that tried her. She rejoiced because she escaped the hangman, that a compromise verdict of second degree murder was reached where her punishment is fixed at from ten years to life imprisonment. She was convicted of beating Mrs. Albert Meadows to death. It was announced that an appeal would be taken.

The three women on the panel voted to hang her. Five of the nine men voted with them. The four other men, according to the foreman, James McKeown, were for acquittal or manslaughter.

Attorney Bert Herrington, counsel for the defense, declared to friends after he left court that he would ask for an appeal, but he smiled when he said it, and remarked it was a great victory. "Better leave it where it is," his friends advised him.

"I expected to be acquitted," said Mrs. Phillips. "They didn't give me a life."

Courtroom Packed  
It was early in the morning when the jury filed in. The courtroom was crowded. The courtroom was silent. There was no sound save the shuffling of the jurors.

Then, from below, a carpenter started work. "Bang, bang bang!" It was hammer, beating slowly, beating on the floor, beating on the floor, beating on the floor.

Then, from below, a carpenter started work. "Bang, bang bang!" It was hammer, beating slowly, beating on the floor, beating on the floor, beating on the floor.

# 6 Jurors Selected in 4 Days for Herrin Trial

New Panel of 100 Men Called for Next Week; Scores Already Excused

Attorneys Expressed Belief to-Night That the First Regular and Special Panel of 130 Veniemen Would Be Exhausted

Friday and that a recess probably would be taken until next week, for which another panel of 100 has been called.

# More Shocks Felt In Chilean Towns; Ruined Walls Fall

Bodies Buried Under Piles of Debris at Vallenar Menace Public Health; American Aid Is Awaited

SANTIAGO, Chile, Nov. 16.—Earth shocks in the afflicted zone still continue. Copiapo reports three strong shocks during the night, which shook down a number of the ruined walls and caused a panic among the residents.

The inhabitants of Santiago were much alarmed early this morning when a slight earth shock was felt here, the motion apparently being vertical. The tremor began at 1:42 o'clock.

Dispatches from Copiapo report the arrival there of a medical and relief party, bringing a large stock of food and medicines. The medical officers of the party found a number of the injured lying in the open air in the vineyards, as the hospital, which was built in 1848, had been completely ruined.

At Vallenar bodies still remain beneath the ruins, their decomposition constituting a serious menace to the public health. The inhabitants, without food, are living in a continual state of terror, sleeping on the nearby hills. Breaking of the pipes has left the town without water.

The news that President Harding is sending warships to Huasco with supplies was received here with expressions of gratitude on all sides.

VALPARAISO, Nov. 16 (By The Associated Press).—Aurelio Hadida arrived here on the British steamship Laurel Branch from Coquimbo, the first survivor to reach here from the earthquake district.

"The quake lasted five minutes," he said, "but it seemed like centuries. The earth moved with such violence that I was thrown down. The electric lights went out and everything assumed a fearful aspect."

"The greatest damage was done when the tidal waves came sweeping through the town for four or five blocks. Four times they came, wreaking great havoc."

WASHINGTON, Nov. 16.—All Americans in the vicinity of Valparaiso and Coquimbo were reported "safe and well" in advices received to-day by the State Department bearing upon the recent earthquake from Consul General Carl F. Deichman at Valparaiso, Chile.

# "Nicky" Arnstein Visits Wife in Philadelphia

New Yorker Indicted in Bond  
Thefts Travels on Own Recognizance

Special Dispatch to The Tribune  
PHILADELPHIA, Nov. 16.—Julius W. ("Nicky") Arnstein, under indictment in New York as a participant in \$5,000,000 Wall Street bond thefts, came to Philadelphia to-day to visit his wife, Fannie Brice, the actress. Arnstein's bail was discharged yesterday and he was released on his own recognizance.

"Nicky" was seen promenading along Chestnut Street this afternoon, holding the arm of Mrs. Arnstein. He was attired in a brand-new black fall overcoat, new suit to match, and his low brown shoes were topped with a pair of mouse-colored spats. A derby hat completed his wardrobe.

He smiled at everything and everybody, but when mention was made of his case he changed his expression.

"Why bring that up?" he asked. "I'm over here enjoying the companionship of my wife, and I don't want to talk about anything else."

# \$80,000 Liquor Seized in Raids By U. S. Agents

\$50,000 Worth of Whisky and Wine Found in Building in West Broadway by Izzy Einstein and His Aid

Big Feat, Says Yellowley

Place Where \$30,000 Illicit Liquor Was Found Said to Be Large Source of Supply

Liquors valued at about \$80,000 were seized by the prohibition enforcement authorities in two raids yesterday. One was at 427 West Broadway, where \$50,000 worth of whisky and wine was found, and the other was at 414 East 116th Street. There cognac, wine, whisky and whisky-making paraphernalia were found in the cellar and sub-cellar of a three-story brownstone house.

In the raid at 427 West Broadway, conducted by Izzy Einstein and Moe Smith, a complete bottling plant, including thousands of counterfeit labels, corks and bottles, was unearthed. E. Yellowley, prohibition director for the state, characterized the raid as one of the best since prohibition went into effect, because it is believed that this was one of the principal sources of supply for the flood of imported liquors.

Result of Two Weeks' Work  
The seizure was the result of two weeks' work on the part of the agents. Izzy and Moe returned from Kentucky a fortnight ago and since that time have been frequenting the neighborhood of the place, watching the trucks which stopped at the door and tracing the carefully addressed packages to their destinations in the Broadway theatre district.

The raid was made on a search warrant and the plant was found in the rear of the fourth floor of the building. The front of that floor is occupied by the Rappaport Pump Company and according to the agents, the only entrance to the liquor room was through the Lyons Bottling Company. There was a door from the rear leading down to the right of stairs, but this was locked on the inside. The owner of the place could not be found, but the agents said they would give summonses to R. G. Lyons, a bottler of non-alcoholic beverages on the fifth floor, and his bookkeeper, John Oliver.

Two trucks were necessary to take the contraband to the Knickerbocker Warehouse. A number of packages of bottled liquor were found addressed for delivery. Most of the addresses were of Broadway cafe and restaurant owners, with a few Riverside Drive homes.

Sacramental Wine Seized  
The brownstone house at 414 East 116th Street that was raided is occupied, according to the prohibition agents, by Dominick Villari and his wife. They have an embroidery shop on the ground floor. The authorities learned several days ago that liquor was being made and sold at the house, and obtained enough evidence, it was said, to get a search warrant from United States Commissioner Hitchcock. Villari was given a summons on a charge of violating the prohibition law. The liquors confiscated at the 414 East Street house are valued at \$30,000.

John D. Appleby, zone chief, and Prohibition Agent Greenfield raided the basement of the building at 98 Attorney Street with a search warrant and seized twenty-one barrels of sacramental wines. They said it was the property of Kalman Rosenbluth, owner of the Zion Casino, across the street.

The officials charge that Rosenbluth withdrew 1,000 gallons of wine on a permit, but that most of the wine seized yesterday is fake solution of honey, sugar and other substitutes. The wine was taken to the army base in Brooklyn.

Sergeant Cashman and Patrolman Moore, of the Vauxhall Park station, raided a barn in the rear of 81 Kouwenhoven Place, Brooklyn, yesterday morning and seized two stills, twelve five-gallon cans of whisky and eight five-gallon boilers. Five men found in the barn were arrested. The raid was made by the sergeant and patrolman.

ATLANTIC CITY, N. J., Nov. 16.—Ending a spectacular chase of more than an hour off this coast to-night, Federal coast guards, commanded by Captain John Holdstock, of the Abscon station, captured the auxiliary schooner Edwin H. Berke. A cargo of 400 cases of Nassau liquors was confiscated and Harry Goekler, her commander, and Sidney Calmer, his crew, were arrested. A shot was fired across the schooner's bow to halt her.

The guards had information two weeks ago that rum runners were off the coast, and have been conducting night patrols with a sea boat carrying a small gun forward.

The barn were arrested. The raid was after an automobile which had attracted their attention had been driven to it. Charles Mistrutta, said to be the owner of the barn, was held in \$1,000 bail for arraignment Tuesday.

American Cruiser Gets  
Welcome to Bosphorus

CONSTANTINOPLE, Nov. 16 (By The Associated Press).—The United States cruiser Pittsburgh, flagship of Vice-Admiral Andrew T. Long, commander of the American forces in European waters, arrived here this morning from Gibraltar.

As the Pittsburgh steamed at half-speed up the Bosphorus the Spanish flagship struck up "The Star-Spangled Banner," the entire crew standing at attention. The strains of the American national anthem were quickly taken up by the British and Italian warships, forming an unbroken line for more than a mile.

The music of the Allied bands swept across the water, and the crowds along the shore gave up the welcome, waving enthusiastically to the American bluejackets.

Vice-Admiral Long dropped anchor within shadow of the Sultan's palace. The arrival of the Pittsburgh is hailed with deep satisfaction, not only by Americans, but by the Allied authorities, who feel that they have the moral support of America in the present crisis. There are now twenty-one American warships in this area, and American residents have a greater sense of security.

Nationalist Turkey is striving to emulate the United States in regard to prohibition. Rear Admiral Bristol, American High Commissioner, has received a request from the Green Crescent, Turkey's national anti-alcohol league, for copies of the American dry laws and an account of the measures taken for their enforcement.

The United States has taken the leadership in this high moral cause," says the secretary's letter, "and we are eager to follow."

Editors Meet Utility Men  
Both Guests at Luncheon to Promote Better Public Relations

Officials of electric light and gas companies throughout the state and newspaper men were the guests of the New York State Committee on Public Utility Information at a luncheon yesterday at the Westchester-Biltmore Country Club. The purpose of the meeting, M. S. Sloan, president of the Brooklyn Edison Company, said, was "to create a better relationship between utility companies and their customers."

The luncheon was presided over by Francis A. Stron, of Mount Vernon, president of the West Chester Light & Power Company. Adolph Ochs, publisher of "The New York Times," was one of the principal speakers. He supported Mr. Sloan's slogan, and said the newspapers throughout the country had been most generous in their support of big corporations that have shown a desire to promote the welfare of the community.

WASHINGTON, Nov. 16.—Complications in the negotiations for the funding of the Rumanian war debt to this country of \$41,000,000 are looked for at the Treasury.

The Rumanian government has announced in London a consolidated loan of approximately \$175,000,000, consisting of bonds bearing interest at 4 per cent annually and redeemable not later than April, 1968, which are to be issued to holders of Rumanian Treasury bills. It is understood a similar consolidation of outstanding bills is planned for this country. Payment of the interest and principal of the consolidated bonds, it is reported, is to be made with priority over any other payments by Rumania.

War-time advances to Rumania by this country, however, were made on condition that the United States should stand on equal terms with the other creditors. The authority of the American commission is limited by law to funding foreign debts into obligations of maturities of not more than twenty-five years and with interest at not less than 4 1/2 per cent.

# Rum Schooner Caught After Shot Across Bow

ATLANTIC CITY, N. J., Nov. 16.—Ending a spectacular chase of more than an hour off this coast to-night, Federal coast guards, commanded by Captain John Holdstock, of the Abscon station, captured the auxiliary schooner Edwin H. Berke. A cargo of 400 cases of Nassau liquors was confiscated and Harry Goekler, her commander, and Sidney Calmer, his crew, were arrested. A shot was fired across the schooner's bow to halt her.

The guards had information two weeks ago that rum runners were off the coast, and have been conducting night patrols with a sea boat carrying a small gun forward.

# John B. Moore to Sit in World Jurists' Session

Hague Conference to Discuss Changes in International Law December 10

WASHINGTON, Nov. 16.—The State Department to-night announced the appointment of John Bassett Moore as the American representative on the international commission of jurists to consider changes in the rules of international law. The commission is being formed pursuant to a resolution adopted by the Washington arms conference. Mr. Moore is now at The Hague, where the commission is scheduled to hold its first meeting December 10.

In addition to Mr. Moore the department has named the following members of the delegation to serve as technical advisers, all of whom will sail from New York Saturday:

Commander F. A. Todd, assistant naval adviser; Lieutenant F. W. Nielson, naval aviation adviser, and Brigadier General W. H. Johnston, Colonel F. M. Brown, Colonel George S. Gibbs and Major W. C. Sherman, military advisers.

Women Leaders Gather  
At Paris Suffrage Rally

Audience at the Sorbonne Told of Results in America and England

PARIS, Nov. 16 (By The Associated Press).—Many of the women leaders of the world attended a great manifestation at the Sorbonne to-night organized by the International Woman's Suffrage Alliance and the French Woman's Suffrage Union. The meeting was presided over by former Minister Justin Godart, supported by Mrs. Stanley McCormick, of Chicago, a member of the executive committee of the alliance, and Mme. Dewitt Schlumberger, president of the union.

Mme. Schlumberger said that in England and the United States, where women have been voting for a long time, male politicians extolled woman suffrage, which was necessary to establish international peace.

Mrs. McCormick told of the good results of woman suffrage in America and told of the interest taken by American women in the League of Nations.

The French Union of Women Suffragists to-day received a letter from Mrs. Carrie Chapman Catt, American feminist leader, who is in Berlin, stating that illness would prevent her from keeping her engagement to speak here to-night. Mrs. Catt was to have opened the suffrage meeting in the Sorbonne.

Rumanian Funding Plan  
May Be Unacceptable Here

Complications Seen by Treasury in Scheme to Consolidate \$41,000,000 Debt

WASHINGTON, Nov. 16.—Complications in the negotiations for the funding of the Rumanian war debt to this country of \$41,000,000 are looked for at the Treasury.

The Rumanian government has announced in London a consolidated loan of approximately \$175,000,000, consisting of bonds bearing interest at 4 per cent annually and redeemable not later than April, 1968, which are to be issued to holders of Rumanian Treasury bills. It is understood a similar consolidation of outstanding bills is planned for this country. Payment of the interest and principal of the consolidated bonds, it is reported, is to be made with priority over any other payments by Rumania.

War-time advances to Rumania by this country, however, were made on condition that the United States should stand on equal terms with the other creditors. The authority of the American commission is limited by law to funding foreign debts into obligations of maturities of not more than twenty-five years and with interest at not less than 4 1/2 per cent.
